This is the Stock Return Form. The Chemist can return the stock that has been damaged, expired or any other reason. The stock entered here will be deducted from current stock of the chemist. This stock return form and stock entry form are interrelated. One can return the stock that has entered previously via stock entry form only.

The Chemist has to select Drug Name, Category and Batch Number. Total Quantity gets filled automatically upon selecting the Batch Number. After Selecting Bill Date, Bill Number and Return To fields automatically gets filled up. The Chemist has to enter Quantity Return, Return Note/Doc Ref. No. [Validation: Return reason must be 1 to 50 characters and may include letters, numbers, spaces, and . , ! ? () - .], Stock Return Date and select Return Reason.

If due to any reason the purchaser or the patient wants to return a particular drug, those entries will be made here. Here is one important restriction ‘ONLY ONE TIME RETURN FOR A PARTICULAR BILL NUMBER’. Once a return is processed on a bill number data will be freezed and subsequent returns on that bill number are not possible.
